Report on the Financial Statements

We have audited the accompanying financial statements of the Colorado Consumer Health Initiative, which comprise the statement of financial position as of December 31, 2014 and 2013, and the related statements of activities, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Colorado Consumer Health Initiative as of December 31, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements. The statements of functional expenses listed in the table of contents are presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. COLORADO CONSUMER HEALTH INITIATIVE

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization – Colorado Consumer Health Initiative ("CCHI") is a Colorado 501(c)3 nonprofit organization incorporated in 2000. Its mission is to achieve barrier-free access to quality and affordable health care for all Coloradans. CCHI seeks to create the best possible consumer-focused health care system in Colorado, covering the most people while also taking advantage of the opportunities introduced by federal health care reform.

CCHI is a statewide, non-partisan, non-profit coalition of organizational and individual members, representing well over 500,000 Coloradans. CCHI acts as a representative of the policy and advocacy priorities of our members at the legislature and in the community to influence and shape effective health care policy on behalf of consumers. CCHI represents the consumer as an equal stakeholder to inform the policy making process, from policy formulation to evaluation of effective implementation. In doing so, CCHI strategically engages with members and strengthens their capacity, building a credible narrative and basis for collaboration.

Basis of Reporting –CCHI's financial statements have been prepared using the accrual basis of accounting.

Financial Statement Presentation – CCHI reports its financial position and activities in two classes of net assets; unrestricted, and temporarily restricted. CCHI has no permanently restricted net assets as of December 31, 2014 and 2013.

Concentration of Credit Risk – CCHI maintains several bank accounts at one institution, which is insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. Although at times the balance in these accounts may exceed the federally insured limit, CCHI has never experienced any losses.

Cash and Cash Equivalents – For the financial statement purposes, CCHI considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Property and Equipment – Property and equipment are recorded at cost. Donated property and equipment are recorded at fair value at the date of donation. Depreciation is recorded using the straight line method over estimated useful life ranging from 3 to 10 years. CCHI capitalizes all property and equipment with a useful life of more than one year and cost more than \$2,500. If donors stipulate the use of property and equipment, it is recorded as restricted.

COLORADO CONSUMER HEALTH INITIATIVE

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions – Contributions received as well as collectible unconditional promises to give are recognized in the period received. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support. Support that is restricted by the donor is reported as unrestricted net assets if the restriction expires in the reporting period in which the support is recognized.

Temporary restricted net assets are reclassified to unrestricted net assets when the donor restriction is satisfied. Conditional promises to give are recognized when the conditions on which they depend are substantially met.

Functional Allocation of Expenses – The costs of providing the various programs and other activities have been summarized on a functional basis in the accompanying financial statements. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Income Tax Status – CCHI is recognized as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code. Accordingly, the accompanying financial statements contain no provision for income taxes.

Estimates – Preparation of CCHI's financial statements in conformity with generally accepted accounting principles requires the use of management's estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2: RESTRICTED CASH

At December 31, 2014 and 2013, cash in the amount of \$158,573 and \$157,120, respectively, has been restricted by the Board for future projects.
