

**Colorado
Consumer
Health
Initiative**

About the Colorado Consumer Health Initiative:

The Colorado Consumer Health Initiative (CCHI) is a nonprofit, non-partisan, membership-based organization working to advance the consumer voice to improve access to health care for all Coloradans by working statewide for progress toward equity, affordability, and quality. CCHI is actively working to break down barriers in accessing health care through innovating in public policy, building inclusive coalitions and partnerships, and engaging community members in our work. We work through a three pronged approach that advocates for policy change. Our policy, strategic engagement, and consumer assistance teams work together to find relief

for whose access to health care and financial security are compromised by affordability, poor benefits, and unfair business practices of the healthcare industry.

Volunteer Opportunity:

Colorado Consumer Health Initiative is working to improve equity and reduce the cost of healthcare for all Coloradans and we need your help! CCHI is seeking individuals who support our mission and values to join us for FUN, REMOTE group phone and textbanking. If you are not available at times we schedule to call in community with other volunteers, you can also make calls on your own time. This is a great opportunity to learn more about the non-profit world, gain experience with story collection, public engagement, and grassroots lobbying, and make a difference by improving the lives and health of Coloradans!

Key Responsibilities

- Engage Colorado residents through phone canvassing (we will train you!)
- Listening and empathizing with consumers with stories that may be different from your own

Qualifications

- We will teach you!
- Listening and empathizing with consumers with stories that may be different from your own
- If you're bilingual English/Spanish, that's a bonus! (not required)

Location

- Remote
