

Plan Name: Colorado HealthOP	EPO, Limited Network
-------------------------------------	-----------------------------

Product Type: EPO, Limited Network

Accessing Care Outside the Service Area/ State: If you access out-of-network services, your coverage does not apply and you will be responsible for the entire cost, except in cases of emergency. Emergency health services will be covered as an in-network benefit regardless of the provider’s network status or service area.

Key Provider Network Features: The EPO offers a more limited network than a PPO, which allows us to offer lower premiums. We are currently in the following counties and are committed to providing a full network of providers in Adams, Alamosa, Arapahoe, Boulder, Broomfield, Clear Creek, Conejos, Costilla, Denver, Douglas, El Paso, Elbert, Gilpin, Grand, Jefferson, Lake, La Plata, Larimer, Logan, Morgan, Park, Saguache, Summit, Teller, and Weld counties. Members in mountain areas have access to EPO providers throughout the state.

PRIMARY CARE PHYSICIANS

Selecting a Primary Care Physician: Selecting a PCP is not required for participation in this plan. Having a visit with a PCP is a requirement to meet our Health Actions, which provide enhanced benefits once completed.

Key Features: We work directly with primary care physician groups who focus on high quality care in medical home type structures.

Primary Care Physicians by Type and Quantity

Family Medicine	519	Pediatrician	65
General Practice	0	Obstetrics & Gynecology	0
Internal Medicine	116		

SPECIALTY CARE PHYSICIANS

Accessing care from a Specialty Care Physician: Referrals are not required, although recommendations for specialty providers from your PCP is always recommended. You may utilize our customer service or care management services to assist in selecting in network specialty providers. Many treatments do require prior authorization. A list of these treatments can be found in our Certificate of Coverage.

Key Features: The EPO network includes all facilities managed by the Centura and Banner corporations, as well as several independent facilities throughout the service area.
